HOW TO READ YOUR RELATIONSHIP COMPATIBILITY REPORT

When two people are involved in a relationship, they get to know each other more deeply over time. At first, everything is wonderful and friction is rare. Then, as time goes by, you get to know other sides of your partner and, undoubtedly, discover some personality traits you don't like, and other traits you appreciate. The more time you spend together, the more you get to know each other. But even if you consider your relationship almost perfect, you will certainly experience at least some areas of possible friction.

The purpose of this report is to point out the different personality traits you possess, and how compatible they are. This report will help you identify those properties that are, at least to some extent, not compatible, and suggest how to prevent them from damaging, or dominating, your relationship.

It is important to also keep in mind that you may have some qualities that, although positive, are not compatible, but that negative traits are almost always a cause for friction. Therefore, you may find that this Relationship Compatibility Report is at times more critical and perhaps somewhat harsh - unlike most readings of this kind. If you feel uncomfortable with that, remember that this report was designed to throw light on those aspects in your charts that need to be understood and recognized, because if they are not, they can do a lot more damage than a few critical remarks in a reading.

Sheri and Bill, you will probably encounter some texts such as: "The compatibility aspect in this area of the chart is already included in other parts of this report, offset by other conditions or redundant".

This is done in order to offer a perspective that is as well balanced and clear as possible, and repeating certain traits would place too much emphasis on them.

Master numbers are also handled somewhat different in a relationship compatibility report. They are reduced to their single digit values, because it is in the single digit's archetype that those personality traits are represented. If a number that appears in your chart is 11, 22, or 33, and the compatibility refers to the numbers 2, 4, and 6 respectively, this is not a typo but an

indicator that the compatibility is based on the single-digit sum of your Master number.

You will also find that some numbers normally included in a personal numerology reading are not included in a relationship compatibility report. This is because the compatibility between two people is influenced much more strongly -- as much as ninety-five percent -- by the core numbers, than by all the other numbers in the chart combined. In fact, the lesser numbers in the chart would only muddle the waters if analyzed in the context of a relationship compatibility report.

Sheri and Bill, I hope you will enjoy your Compatibility Report and, more importantly, I hope you will find this reading to be beneficial to your relationship.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality -- the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. Sheri, you have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality Chart!

Sheri, your Life Path is 29/2

Sheri, you have the potential to be a source of inspiration and illumination for people. You possess an inordinate amount of energy and intuition. There is so much going on in your psyche that you are often misunderstood early in life, making you shy and withdrawn. You have far more potential than you know.

You galvanize every situation you enter. You inspire people, but without your conscious effort. Energy seems to flow through you without your controlling it. This gives you both power and sometimes emotional turmoil.

You are a channel for information between the higher and the lower, between the realm of the archetype and the relative world. Ideas, thoughts, understanding, and insight -- all of these can come to you without your having to go through a rational thought process. There seems to be a bridge, or connection, between your conscious and unconscious realms, attuning you to a high level of intuition through which even psychic information can flow.

All of this amounts to a great capacity for invention. Many inventors, artists, religious leaders, prophets, and leading figures in history have had the 11 prominent in their chart.

Because you are so highly charged, you experience the consequences of a two-edged sword. You possess great abilities, but indulge in much self-reflection and self-criticism. You often feel highly self-conscious. You are aware on some level that you stand out. Even when you try to blend with your environment, you often feel conspicuous, alien, and out-of-place.

Sheri, you are blessed with a message, or a specific role to play in life. But you must develop yourself sufficiently to take full advantage of that opportunity. Until that time, your inner development takes precedence over your ability to materialize the great undertaking you were chosen to perform. Consequently, 11s seem to develop slowly, but they simply have more to accomplish in their evolution than the average person. Thus, your real success does not usually begin until maturity, between the ages of 35 and 45, when you have progressed further along your path.

You may often be frustrated, largely because you have extremely high expectations of yourself. But these expectations can be unrealistic, and can prevent you from accomplishing anything. You can be very impractical, envisioning a skyscraper when all that was necessary was a two-story house.

You may also suffer from bouts of confusion and lack of direction. This gives rise to loss of confidence and the onset of deep depression. The cause of these emotional problems is your lack of understanding of your own sensitivity and potential. Your desire to achieve some great ambition is

enormous. However, a lack of confidence in your own ability to realize this dream may cause you much frustration. You sense the enormous potential you possess, which requires equally enormous confidence in your ability to materialize your dream. Confidence is the key that unlocks your potential.

On a strictly physical level, you must protect your nervous system, which is inordinately vulnerable to stress because of your acute sensitivity. Depression is often the result of long periods of stress that have gone unrelieved. Seek out peaceful and harmonious environments, relaxing music, and follow a healthful diet in order to restore balance and peace.

As an 11 Life Path, you are a highly charged version of the 2 and possess many of the characteristics and talents of that number.

Sheri, you can be extremely diplomatic and tactful. You are also patient and cooperative. You work well with groups and somehow find a way of creating harmony among diverse opinions. You enjoy music and poetry and require a harmonious environment. You have an eye for beauty and a fine sense of balance and rhythm. You have healing capabilities, especially in such fields as massage, acupuncture, physical therapy, and counseling.

Sheri, you are a sensitive and passionate lover; your perceptiveness makes you aware of your partner's needs and desires, which you are able to fulfill with almost magical delicacy. However, when you feel you have been mistreated or jilted, you can react with devastating power, sometimes using personal criticisms vindictively.

You are a fine companion and possess a good sense of humor.

When you have found your niche in life and begun to realize your true potential, your rewards will more than compensate for your trials earlier in life.

Bill, your Life Path is 28/1

Bill, you were born with extra-ordinary drive and determination. You are a born leader. You insist on your right to make up your own mind; you demand freedom of thought and action. You don't let anything or anyone stand in your way once you are committed to your goal.

You assume the responsibility to be the protector and provider for those you love. You demand respect and attention and become irritated and even domineering when important things do not go your way.

You need to feel in command of important undertakings, and resist supportive roles. You seek the forefront and the limelight.

Bill, you are exceptionally creative and original and possess a touch of the unusual. Your approach to problems is unique and you have the courage to wander from the beaten path. You can be impatient with your shortcomings and those of others.

You are very concerned with your status and foster the appearance of success and self-satisfaction. The need to appear well off propels you to strive for growth, success and the finer things of life.

You should watch out for selfishness, conceit and the over-concern with appearance. You must guard against overzealous behavior, anger and aggressiveness. If these qualities are not brought under control you could become excessively domineering, vindictive and even violent. You perform best when you are left to your own devices. Ideally you should own your own business and be your own boss. Hold fast to your life's dream and work with the determination you possess to realize it. You can become overly stressed by your driven nature. Be careful about the food you eat and maintain an exercise program you enjoy. Competition sports are often a healthy outlet for a person with your drive, particularly sports involving running and swimming. Don't let pride and overconfidence be your masters. Remember, your talents and abilities are a gift from a higher source, which should promote gratitude and humility, rather than pride and conceit.

More often than not a person with a 1 Life Path will achieve much in life as long as the drive, creativity, originality and pioneering spirit are fully employed!

Bill, your 28 Life Path has all the qualities of the 1 and 10 Life Path, but with the added capability that you are more sensitive to the needs and feelings of others, and that you are uniquely capable of influencing people around you. You know how to motivate and direct them. Your sense of business also tends to be better developed than that of people with a 1 or a 10 Life Path.

Your Life Path's compatibility is 2 and 1

Sheri and Bill, your Life Path numbers are the most important numbers in your charts, and, as such, their compatibility is very important to the well-being of your relationship.

Yours is a very promising combination, because, strange as it may seem, you have very little in common - at least in this aspect of the chart. This

particular core number shows Bill to be strong and driven, competitive, motivated and, perhaps, a bit bullish and overbearing. Sheri, on the other hand, is by nature more the "power behind the throne", the person who understands what goes on on a deeper level. Sensitive, intuitive, insightful and supportive, Sheri will always allow Bill room to throw some weight around, without losing sight of what has to be done and how to do it. The fact that you don't play a power game has a very important role in this relationship. Both of you know what you want, know how to make the other understand, and, thanks to these abilities, you succeed in complementing each other very well.

Sheri is the peacemaker, Bill, the driving, ambitious force.

However, always remember to look at the other compatible aspects in your number combination so as to keep this in perspective.

Bill does have to be careful with Sheri. Bill's strength is like a strong stick - it won't break easily and isn't concerned about getting damaged. Sheri's strength is more flexible, but also more vulnerable. Sheri will bend and surrender to other forces more easily, being therefore also more vulnerable to verbal abuse and negative criticism, things Bill is perfectly capable of shrugging off without much damage to the ego. Interestingly, it is precisely because Sheri is able to bend with the forces, that Sheri is the real survivor when a serious storm hits, where as, if the wind is strong enough, Bill's strength may snap.

At least in this aspect of the chart, the key in this relationship is "mutual respect" and "sincerity". Bill has to understand that Sheri's willingness to compromise or surrender does not represent weakness or an indecisive nature. Bill also has to be aware that Sheri is not easily fooled. Sheri may accept a certain explanation or a chain of events without confrontation, but this is more a result of a deeper insight and better perspective than cowardice. Sheri recognizes insincerity, lying and role-playing much quicker than Bill. Therefore, Bill would be well advised not to underestimate Sheri. As for Sheri, keep in mind that Bill's showing of strength and bravura does not mean that Bill's feelings are not susceptible to being hurt. In fact, behind that facade of strength and courage is a human being who experiences matters of the heart very powerfully.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the

orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be.

The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Sheri, your Expression is 23/5

Sheri, you are a free spirit. You love change, adventure, and excitement. You love your freedom. Like a bird that needs its wings to live, you cannot exist without it. Freedom is the nucleus around which your life revolves. You need it for your very survival. By using freedom properly, you are able to explore and develop all of your varied talents. You will meet many types of people and travel great distances. Freedom is the atmosphere necessary for you to bring forth your many talents.

You are capable of doing almost anything, and probably quite well. Only by avoiding the imprisonment of illusory security are you able to bring forth your abilities.

Sheri, you are unusually adaptable. In fact, change is a blessing for you. In the same way, you need challenge and variety. You hate the routine of life; being stuck is a catastrophe for you. You become miserable when you are held back or held down.

The taste and texture and color of life have an overpowering allure for you. From childhood, you dream of seeing foreign lands, experiencing the sensual and the exotic. You want to try everything at least once in life. All of life is a playground for your senses.

But this can get you into trouble. You may fail to respect your natural limits, either biologically or socially. Any sort of boundary is anathema to you, which can blind you to your natural limits, and may cause you to overindulge your desire for food, sweets, alcohol, sex, and drugs.

Sheri, you are gifted in your ability to communicate. Your facility with words is almost limitless. You can be a salesman, politician, lawyer, public relations person, and minister. You also possess the talent to share and advance new ideas. You are talented with your hands. You love the new and untried. Your field is the frontier. You are a bit of a gambler, and often play for very high stakes. All of this combines to give you a youthful enthusiasm, which others find infectious and attractive.

You like to work with others, but need to perform your task un-encumbered by the restraints of others.

Sheri, you are a clever and a quick thinker, but your thought processes -- like your life in general -- can be unorganized and scattered. You must stay grounded and focused if you want to be successful.

You fall in and out of love frequently, especially early in life. You are naturally sensual and commonly have a strong sex drive. These characteristics usually make for a lively and exciting love life, but you must guard against shallow feelings and relationships. Your challenge is to develop mature and lasting relationships.

Self-discipline and setting healthy limits is the key to your success in virtually every area of your life. Ironically, you will find that as you learn to set appropriate limits on yourself, you will develop more self- mastery and realize even greater freedom.

This is especially true when it comes to finishing what you start. Your tendency is to give up once you've got a project or job under control; you grow bored quickly. You start to fantasize about a new challenge, or the rewards of your great accomplishment, long before the work is finished.

The 5 Expression desires the whole world. You are aware that you have many talents that can bring much success. But that success depends on your willingness to choose certain areas to concentrate on, and to bring them to perfection.

Bill, your Expression is 16/7

Bill, you are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in

exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher.

You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers you insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

Bill, you need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the search for knowledge as seriously as you do. This can cause you to be critical of others, and even cynical about life in general.

The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field. You are a perfectionist.

You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards, satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the path to peace and balance.

Bill, you have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

Your Expression's compatibility is 5 and 7

More than any other number in your chart, your Expression number reflects who you are as a person. Earlier, you read about the Life Path number and how important that number is in your chart. However, the Life Path number reflects “the path you walk on,” and should be seen more as a powerful influence than as a part of your personality makeup. Your Expression number on the other hand, reflects a deeper part of you. It is more difficult to overcome possible negative traits you may have recognized in yourself when they are found in this part of the chart, than when they are found under the Life Path description.

It can't be emphasized too much how important it is to realize that numbers in different areas of the chart affect you differently, even when it is the same number. Sometimes, you may read something that seems to directly contradict earlier statements. Yet, if you take the time to think about them carefully, you will probably recognize that you, as a human being, are extremely complex and full of the same contradictions. This is simply the way we are. You may be organized in one area of your life, while chaos rules in another area. You may be tactful and sensitive in one setting, and direct and confrontational in another situation.

Sheri and Bill, not only is this one of the best combinations for long-lasting relationships, but it is also a merging of archetypes that promises mental and spiritual growth for both of you.

The five and the seven fulfill each other's needs and desires in many ways, but particularly on the intellectual and spiritual planes. Many famous intellectual and artistic couples shared this combination. This is one of those partnerships that are larger and more promising than the sum of their parts. Sheri has a quick and flexible mind spiced with a wicked, offbeat sense of humor. The five thinks on its feet and looks right through any attempt to disguise. Among neuro-specialists there is a basic idea that, over the years, the mind tends to think according to established patterns, like water running through canyons. This may be the case with many people, but not with those who have a five in this position of the chart. They will never allow their minds to shelter any repetitive, predictable patterns. Thanks to Sheri's ability to juggle ideas and concepts, Sheri will always seem younger and remain more playful and quick-witted long past the time other people of Sheri's age group have slowed down.

Bill's mind is also powerful. However, Bill's mental and spiritual faculties

operate very differently from Sheri's. Bill has a dry sense of humor and a more serious mind. Bill seeks answers to life's major questions and often spends time staring into some inner space, searching for insight and understanding. Probably not closely connected to organized religion, Bill - nonetheless or because of this - has a strong sense of the reality of the God force. For Bill, the mystery of life is not just some unattainable abstract concept - it is a reality. It is a major source of inspiration and a force that influences Bill's daily life. The seven is the most spiritual of all numbers, but it is rarely found among those who have simply accepted their local religious presence. The seven asks too many questions and takes the spiritual much too serious to take anything at face value.

The only real source of discordance that can appear between the five and the seven, Sheri and Bill, is spiritual in nature. For Bill's taste, Sheri may seem too flamboyant and superficial at times. By the same token, for Sheri, Bill may become too hung up on certain spiritual concepts. Sheri may even see Bill as somewhat of a zealot. It is difficult for Sheri to understand how someone can become so involved in abstract concepts and philosophies, while Bill may not be able to accept the fact that for Sheri the experience of life is more important than trying to analyze it. However, the seven and the five have such a powerful positive influence on each other that this disagreement rarely appears when a seven and a five form a partnership. Sheri keeps Bill loose and able to enjoy life also from a simpler, more direct perspective, while Bill is able to show Sheri how a deep, serious search of understanding can be immensely gratifying. Frequently, partnerships based on the five and the seven are intellectually and spiritually dynamic and last for a very long time.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It

reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth -- you, the spiritual being.

Sheri and Bill, your Heart's Desire is 17/8

Sheri and Bill, you both have the same number in this part of the chart. The following text therefore applies to both of you.

Sheri, you want success in its fullest meaning -- wealth, power, and material comforts. You have an enormous ambition. You dream of big projects, great undertakings, and rewards.

You are a visionary. You see the horizon and the promise. In general, you also see the methods necessary to fulfill that promise. But you are not especially good with details; you need others to help you deal with the smaller parts of the picture. Your challenge is to make full use of the full spectrum of your abilities, as indicated by your other core numbers. In the same way, you must bring forth the best from others and orchestrate their talents toward the realization of your vision. In short, you must lead by example, demonstrating the standard for commitment, determination, and excellence.

All of this requires effort on your part. You will meet with obstacles and difficulties. Your determination and commitment will be tested. But you have the power to overcome every obstacle you face and accomplish the goal you've set for yourself.

Sheri, your task in life is to learn to use power in refined and elevated ways. The expression and use of power is directly related to one's personal evolution. The more primitive uses of power rest with violence and the threat of deprivation. The higher expressions depend upon your capacity to care for and nourish the people and projects in your charge, giving each exactly what is needed at the appropriate time and in appropriate amounts.

You have a creative mind and an unusual approach to business and problem-solving.

You need to cultivate your ability to evaluate others.

It is essential for you to be involved in a project that challenges you and offers the potential for rewards. When you are uninvolved or unoccupied with a worthwhile task, you can become deeply despondent, depressed, and

frustrated. You are the perfect example of the old cliché, "Idle hands are the devil's workshop." Without a challenge, you can lose balance in life and become selfish, cruel, and even self-destructive. Disappointments become shattering, causing terrible consequences in self-image and self-love.

Perspective is everything for you. You have a natural talent for balancing the spiritual and material planes.

Sheri, you need to cultivate courage and stamina. Courage is a choice. You need to decide to be brave in the face of fear. A balanced 8 is among the most powerful and satisfying of numbers. It is the spirit of the true survivor, able to bounce back and achieve a greater victory.

Your Heart's Desire's compatibility is 8

Compatibility of the Heart's Desire numbers is very important in a relationship - few relationships last beyond the initial stage if the Heart's Desire numbers are not compatible.

Sheri and Bill, the fact that you both have an eight in this part of the chart puts you in a position where you are well suited to support each other's endeavors, as well as start something together. You are both visionaries with imagination and a talent for business. However, you are also both driven to be in charge, and you don't like to surrender control to someone else. Because of this, you may find yourselves competing against each other at times. That should be avoided because, in a relationship, competition can turn into jealousy and anger. As long as you direct your strongly competitive natures against other forces, you have a good chance of a long and happy relationship, quite possibly financially prosperous as well. The eight is a good number for business, but its tendency to risk everything in the pursuit of a dream may bring about either enormous success or total failure. No other number causes a financial roller-coaster life like the eight. You will need to keep an eye on each other in order to prevent excessive risk.

Sheri and Bill, the biggest danger in this combination is poverty. To be financially strapped will negatively impact on all other areas of your life, including romance. It is important that you follow your heart and your intuition in the pursuit of success - that is the nature of the eight - but it is equally important that you keep enough of your assets out of risk in order to avoid serious problems. Sheri and Bill, considerable financial problems will almost certainly ruin your relationship.

You both understand the need for authority in life, particularly when it comes to raising children. You may have a tendency to be stricter and more controlling than most parents and this, too, can become a source of trouble. Families in which both parents have eights in this part of the chart tend to create environments wherein the children are given everything they need, including plenty of love, but that will come accompanied by too much control, and children will certainly rebel. You may realize that you have been under the illusion that you can form and shape your children according to your expectations, a guaranteed recipe for disappointment. Relax. Your children will grow up fine even if their dreams and goals are completely different from yours.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with -- people or situations -- but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Sheri, your Personality is 15/6

Sheri, you radiate understanding and compassion. People sense your warmth and fairness. For this reason, you attract many people who are in need of comfort, including the disadvantaged. People tend to come to you to unload their burdens. You inspire confidence.

You have a fine sense of justice. You do everything in your power to keep

the harmony and are even willing to sacrifice your personal desires for the good of others.

You can take this too far, however, sometimes playing the role of the martyr. You have to guard against being taken advantage of. You are not always a very good judge of character. You tend to see the best in others.

You also can become too involved in the lives of others, to your own detriment. (This aspect can be balanced by other numbers in your chart.)

You are hospitable and domestic. You love children and are a good parent. You are romantic, faithful and very protective.

You are artistic. You love music, flowers and gardening. You are a natural interior designer. You have an excellent sense of color and taste.

Sheri, you are more concerned with the content of your personality than your appearance, which causes you to be less conscious of the style of your clothes. You are more interested in comfort and the utility of clothing than the statement it makes.

Six Personality Numbers are exceedingly generous. You are not particularly logical when it comes to finances.

You are very vulnerable to praise and criticism. You tend to worry a lot, causing stomach problems.

People see you as a maternal or paternal figure. They want to relax in your presence and unburden themselves. You are the safe port in the crowd.

Bill, your Personality is 8

Bill, you appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force. You have natural authority. Your competence and enthusiasm attract people with resources.

You radiate confidence. People defer to you because they sense your sureness and effectiveness.

You also exude a kind of controlled benevolence. People sense that you are generous, once you are convinced of the worthiness of the cause.

It is important for you to dress well. You radiate a kind of raw power and ability, which needs to be refined and enhanced by your clothing. You may even dress a bit flashy, but that will not harm you. Quality is among your highest priorities, and should reflect in your clothing.

Although most eights have a strong constitution, they can be prone to indigestion, ulcers, and heart disease due to their reckless eating and drinking habits and their propensity to be workaholics.

Bill, your Achilles heel is your capacity for an egocentric attitude. The

negative side of your personality can cause you to be ruthless, greedy, and intensely lonely.

Conversely, you can be spontaneous and excited. You are essentially warm and jovial. In your heart of hearts, you want everyone to be as excited and as happy as you. Those who are around you often sense this. Your coworkers and employees usually like you.

Your Personality's compatibility is 6 and 8

Quickly recognized when two people first meet, not many relationships even get started unless the Personality numbers are compatible.

Sheri and Bill, the six and the eight are very compatible. You are both practical and goal-oriented people who are not afraid of responsibility. However, there are big differences in the way the six and the eight view responsibility, and even bigger differences in the way they pursue their respective goals.

Sheri's sense of responsibility is strongly focused on family and friends. Sheri will be hesitant to do anything that could endanger the comfort and lifestyle of those Sheri is committed to. Bill's sense of responsibility is committed to goals and dreams - their fulfillment is Bill's priority. Where Sheri will be very reluctant to take risks that might reflect on those Sheri cares about, Bill will not hesitate to take certain carefully calculated risks because Bill feels that, if those goals are met, the lives of everyone around will improve. Sheri is capable of working for a long time to reach a goal, but Sheri is much more grounded, Sheri will hesitate to step away from the beaten path. Bill has a sense of business and is a visionary with a practical, can-do mentality.

Interestingly, the six-and-eight combination is excellent for business partnerships. The six keeps a reign on the dreams and visions of the eight. In turn, the eight can inspire the six to aim higher and take advantage of the opportunities lying ahead. Without an eight to inspire a six, the six will likely remain confined to small dreams requiring little or no risks. Without the grounded realism of the six, an eight often gets lost between the vision and the goal. In a romantic relationship, Sheri and Bill, the numbers found in this part of the chart similarly play off each other's strengths in ways that can be very good for the relationship.

Problems can arise when one partner tries to dominate the other, which has

been known to happen between a six and an eight. Sheri, your tendency to take on any burden, your willingness to sacrifice, and your need to feel secure in a relationship, can make you a victim to the somewhat authoritarian and demanding nature of Bill's eight. Sometimes, the opposite happens, and the inherit talent of Sheri's six to make others feel guilty simply by showing how much Sheri is willing to do for them can put a real damper on Bill's potentially powerful and focused energy. Sheri and Bill, this aspect of your charts is somewhat similar to reaching a fork in the road. You have a choice between enriching and enhancing each other's strengths and talents, or frustrating your partner's opportunities. The key to maintain a balanced relationship is not to try to dominate each other.

Your Personal Year's compatibility for 2008 is 6 and 5

Compatibility is as important with the cycles as it is with character traits. It is possible for a relationship between two people with otherwise very compatible charts to break down as a result of encountering one or more incompatible cycles. However, it is much easier to overcome or avoid possible pitfalls resulting from incompatible cycles than from incompatible personality traits.

Bill is in a cycle of change and highly charged energy. Sheri is in a cycle of stability and responsibility. Bill's energy is restless and dynamic, Sheri's energy is focused and grounded. Bill is looking around for opportunity and adventure. Sheri is looking at the home and the family. Sheri's attention is focused near by, on the people and things that matter most. Bill's attention is focused away; on work, career, travel and so forth.

These cycles are as opposite as two cycles can be, yet they are not incompatible. Within a relationship, these influences complement and balance each other. However, if they get too inner-twined, they will turn on each other and anger and blame are the most likely result. It is important, now more than at almost any other time, Bill and Sheri, that you don't try to influence each other too much. Live and let live is the slogan for this month. You probably have realized by now that, more often than not, you are experiencing very different cycles. This is an important aspect of your relationship not limited to this particular cycle. It will always be that way. You should accept the fact that you tend to be influenced by very different energies most of your lives. Therefore, you may just want to make the concept of live and let live a family slogan -- for life.

But, as you probably have also realized by now, although the influence of your personal cycles always tend to place you at opposite ends of the spectrum, it also means that you complement each other very well and make a great team when you put your minds to it. In particular when it comes to showing a single front to the outside world.

Sheri, your Personal Year for 2009 is 7

Sheri, you will experience a strong tendency to spend more time alone, to delve inside and find some answers and to reach a better understanding of yourself. This is not a year for social activities nor is it a year to try and reach goals on a material level. You will find that the necessities of daily life seem to be taken care of by themselves. There is no need to be overly concerned

regarding your material needs. Without slacking on your daily duties and responsibilities, you can afford to give more attention to yourself. This is a year for inner growth. It is your spiritual and mental presence that requires attention. Improve the quality of your life, read, contemplate and gain insight in yourself. You are important now. Rest and attend to your health. It is during this year that you strengthen the foundation of your life, after all your success in all matters rests upon the strength of your inner self. There will be many strange and unusual events inspiring you to take a closer look at life and an opportunity is there to experience the joy and beauty of life without any artificial or exterior involvement but purely the growing awareness of yourself. To much concern and desire for material rewards, Sheri, will turn this period of your life into a very bad experience indeed, while a "let go and let god " attitude will make this such a fruitful and pleasant year that you may find yourself wondering what you did to deserve this.

Your Personal Year's compatibility for 2009 is 7 and 6

Bill and Sheri, you are experiencing very different cycles.

On one hand, the influences of the six and the seven complement each other very well. On the other, they create such different needs you may find that there is little common ground between the two of you. You may find that you disagree on just about everything; how to spend your vacation, what kind of car to buy, which of your friends to invite, and so forth. Bill is reaching out to people, Sheri is avoiding them. Bill is more extrovert than usual, Sheri is seeking peace and quiet.

A positive influence during this time is found in the fact Bill more tolerant and giving, willing to sacrifice here and there to accommodate Sheri. This is an important and much needed factor to make this a harmonious time. Sheri is not very patient right now and doesn't want to be bothered.

Bill, it is important to remember that if Sheri seems a bit cool and distant, this has nothing to do with the relationship. Sheri is doing some soul searching and needs to be given some space and distance. Sheri, it is crucial not to forget Bill and not to get lost within yourself to the extent of ignoring the world around you. Pay attention to those you care about, Sheri. Your relationship with your friends, your family and with Bill will last a lot longer than this period of self-examination and spiritual exploration.

Sheri, your Personal Year for 2010 is 8

After last year's constant involvement with yourself and very possible occasional doubts about the state of your business or career you will find this year to be a relief, Sheri. Things finally work out. Long postponed checks and promotions come through. You see the light at the end of your financial tunnel and an inner strength and confidence is breaking through. This is your year of harvest and, depending on the effort you put out in the past seven years, your reward will be equally large. There is a beauty in these cycles we can recognize and understand and in doing so we find ourselves "in the flow" and there is no more need to try and struggle upstream. So this year you will have an opportunity to involve yourself fully in work and material growth and bring home the rewards, at the same time a certain detachment is also necessary, for you and for the experience you have because it is not the reward that brings you happiness but your experience of life, which is why before the rewarding eight year you have had such opportunity for growth during the soul-searching of a seven year. Give in to your ambitions, you will find yourself more clear and focused and able to pursue and reach your goals. Sheri, your power is visible and strong, mental creativity is high,

vision and intuition will guide you, and at the same time you are more efficient and focused. There can be loss, serious loss, bankruptcy and failure, because always the rewards are directly proportionate to your effort and motivation, however you know the effort you put out and you know your motivations, so there must be no room for fear and doubt, only for success and winning and this year will undoubtedly turn out to be a very satisfying year.

Your Personal Year's compatibility for 2010 is 8 and 7

Bill, during this time you may feel left behind, perhaps forgotten and ignored. Of course, this is not really the case. It is just that Sheri is focused on getting things done, reaching goals, and taking advantage of opportunities, while you, Bill, are drawn to examining your own life, where you are going, and even why you are doing the things you do. Bill and Sheri, the fact that your needs and your ambitions are going in different directions does not make this a compatible combination of cycles. Sheri is out there, full of plans and

visions, while Bill is turning inward.

You may find it difficult to communicate, to find common ground, and to get excited about each other's interests.

This is a time, Sheri, when you should not try too hard to get Bill involved with something that interests you. And vice versa. This is a time to keep things simple, and the secret to go through it successfully is to love each other, but don't try to share everything you are doing.
