Support Our Compassion Kits Project

A Heartfelt Invitation to Help Foster Girls and Women Reclaim Their Light

~ Together, we can be the ripple. ~

About the Project

What Are Compassion Kits?

Compassion Kits are healing care packages created for foster girls and survivors of violence. Each kit is filled with thoughtful items like personal care products, uplifting notes, and symbolic gifts of love — designed to restore dignity and inspire hope.

These kits are currently distributed through two initiatives:

- [Compassion Kits for Her](#) – For girls in the foster care system
- [Compassion Kits for She](#) – For women recovering from violent encounters

Through this project, we are offering more than hygiene items — we are offering compassion, connection, and care to those who often go unseen.

How You Can Support

Ways to Give

In-Kind Donations (Preferred for Businesses)

- Walmart, Target, or Amazon gift cards
- Donations of new personal care products (soap, deodorant, shampoo, menstrual products, etc.)
- Bulk or branded items for kit inclusion

In-kind gifts help us avoid additional taxes and ensure your donation goes directly into creating more Compassion Kits.

Small Monetary Donations

We gratefully welcome individual donations through our website. These smaller gifts help us fill in the gaps and respond quickly to urgent needs.
